TIMEX® TAKES THE GUESSWORK OUT OF FITNESS

Improved fitness and athletic performance are as simple as setting a realistic fitness objective and using the Timex® Digital Heart Rate Sensor as a personal trainer.

Here is how it works:

- First select a fitness objective
- Improve your fitness
- Lose weight and burn fat
- Increase stamina and aerobic endurance
- Improve your fitness condition
- Achieve peak athletic performance

Second, select a heart rate exercise zone:

Heart rate zone exercise is the methodology widely used by fitness and sports training professionals for achieving the above fitness objectives. Once set, this digital heart rate monitor can automatically show you when you are in the exercise zone you choose and signal when you are not. It functions as a personal trainer to help keep your body exercising at an intensity level that can help you achieve your desired fitness objective without over or under exercising.

ZONE RATE	IDEAL FOR	BENEFIT DESIRED	HEART
1 LITE	LIGHT EXERCISE	MAINTAIN HEALTHY HEART / GET FIT	50% - 60%
2 FAT	WEIGHT MANAGEMENT	LOSE WEIGHT BURN FAT	60% - 70%
3 BASE	AEROBIC BASE BUILDING	INCREASE STAMINA AEROBIC	70% - 80%
4 ANAEROBIC	OPTIMAL CONDITIONING	MAINTAIN EXCELLENT FITNESS CONDITION	80% - 90%
5 PEAK	ELITE ATHLETE	MAINTAIN SUPERB ATHLETIC CONDITION	90% - 100%

E.g. To lose weight / burn fat, do your favourite exercise at 60% - 70% of your maximum heart rate for at least 30 minutes a day, three times a week. The target heart rate zone chart below illustrates the different target zone values using an age based method (220 minus your age). Select which level of condition represents your current physical condition and locate the lower and upper heart rate zones for your age from the target heart rate zone chart. See target zone settings to select the desired target zone on your Timex® performance monitor.

TARGET HEART RATE ZONE CHART

There are five basic training heart rate exercise zones. Simply select a zone that is the fitness goal you want to achieve during a particular exercise.

 **EXPEDITION**®

WS4

WIDE SCREEN»»4 FUNCTION

TIMEX EXPEDITION

TM

Think outside the circle™. Timex Expedition is shaking up the altimetre watch category with the launch of WS4. It's unique, widescreen dashboard displays relevant outdoor information at a glance. The intuitive user interface allows consumers to quickly begin using the Altimetre, Barometre, Compass and Thermometre; and quickly start exploring new terrain. Timex worked with a new technology partner on the WS4 to provide highly accurate sensors, ensuring reliability. Plus, the dynamic styling and exciting colour options make a bold statement on the wrist.

CUSTOMER SERVICE & WARRANTY INFORMATION

Designa Accessories has its own in-house Customer Service Centre to help you & your customers with any and all enquiries regarding the servicing and repair of all Designa Accessories products. Our service centre is manned by professional service consultants in conjunction with our team of qualified watch makers and technicians.

Call the Service Centre directly on:
1800-800-030

3 Year Limited Warranty

This warranty is void if the watch is opened by anyone other than the Designa Accessories Customer Service Centre.

3 Years – On movement from the date of purchase (does not include the crown)

2 Years – On battery from the date of purchase. As part of any battery replacement.

1 Year – On bands/straps. Due to irregularities in wear and tear of each individual's watch, the plating (finishing) of the watch is only guaranteed to sustain standard (factory tested) wear and tear. The lens is not covered under this warranty.

Under the Australian Consumer Law, we advise our goods come with guarantees that cannot be excluded under the Australian

Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure (the "Mandatory Provision").

ALL WARRANTY CLAIMS MUST BE ACCOMPANIED BY A PROOF OF PURCHASE RECEIPT* CLEARLY DISPLAYING THE ORIGINAL PURCHASE DATE OF THE WATCH

Please Note: Designa Accessories reserves the right to repair or replace any warranty watch with an equivalent style.

Repairs Procedure:

Please help us to ensure that your customer's watch is repaired or serviced in the most efficient manner by noting the following:

1. When returning a watch to us for repair, please ensure that it is accompanied by the following information:
 - a. Store name, address and reference no.
 - b. Store phone number and contact name
 - c. Warranty slip & proof of purchase
 - d. A short explanation as to the suspected or known problem
 - e. Return address during business hours

For security and tracking purposes, please ensure that the watch is returned via registered post or courier to: Designa Accessories, PO Box 2576, Taren Point NSW 2229 N.B. It is unnecessary to return product in original packaging. It is preferable to simply return the product wrapped in a suitable protective material (ie. bubble-wrap).

2. When a watch is received at Designa Accessories, it is registered by store name and docket number.

a. It is then passed to one of our qualified watchmakers for inspection.

b. If the watch is covered under warranty (as per accompanying warranty slip & proof of purchase) the watch will be repaired at no cost.

c. If the watch is out of warranty, we will provide you with a quotation and await your advice as to whether or not the customer would like us to proceed with the repair.

d. Once completed, the repair is then dispatched via courier.
